

# Roll a Dice Game – Adjectives 4

Roll the dice. Think of an adjective (describing word) for the noun (object) listed under the number shown on the dice. Write down the words that you think of in the grid below. Try not to stick to 'safe' words such as happy, sad, or a colour for example - challenge yourself to think of words that you don't often use instead! Earn one point for every appropriate word listed. Earn a bonus point for using the correct spelling. Lose a point if more than two of you have the same word.
