

DOSBARTH OREN

Dear Parents/Carers,

Our topic this term is 'Save Our Oceans'. Throughout the term we will be looking at the devastating impact pollution has on our ocean. We will look at how rubbish can harm the environment and the sea life. We will learn of the importance of recycling and the ways in which we can help protect our oceans.

Homework

Please remember to make use of the phonic flashcards each of your children have been provided with. Use these flashcards to reinforce letters sounds and play a number of phonics games. For example....

Initial sounds:- Show your child one of the flashcards e.g. 's' get your child to look for objects around the house that begin with that sound. You could practise forming that letter by using things such as chalk, paint, shaving foam, crayons etc.

If your child is ready you could also move on to getting your child to make CVC words (3 letter words). Adult calls out a word or show your child a picture/object e.g. hat and get your child to make the word.

Extension:- Get your child to write these words, again please continue to show children good practice by modelling correct formation and reminding them to sit their letters on the line.

Parents/carers we need your help!

Along with your child please fill in your child's **ONE PAGE PROFILE**. This will help us gain a better understanding of your child's needs. You will find the blank One Page Profile on J2e. Please log on to hwb with your child's unique login details and then click on the just 2 easy shared files. If you have any problems please don't hesitate to contact us.

Reminders

Please can you make sure your child's jumpers or cardigans are clearly labelled.

Please ensure your child's reading folder is returned to school on their allocated day.

Your child's P.E. day is Tuesday. Please can you child come to school wearing a white school t-shirt, black/navy joggers/leggings and trainers on their PE day.

Reading Eggs.

We are lucky enough to have signed up to Reading Eggs which is an online reading and phonics program. Your child will be coming home with their log in details meaning you can support your child at home and monitor their progress. Please make use of this wonderful resource.
