Un Llais

The Un Llais committee have been reviewing their 'Lend with Care' account and have decided to share the money they have raised with numerous different charities, therefore helping more people. Through 'Lend with Care', Un Llais loan money to chosen causes who eventually return the initial amount loaned, enabling us to help out elsewhere They have given their first loan of £40 to 'Mpatsa' who are a group of 17 women in Malawi who make and buy clothes to sell on. We will track their progress of the next few months and when 'Mpatsa' have started making a profit they will repay their loan and we will be able to help others.
